Supporting Speech Sounds in EY

Supporting Selective Mutism in EY

Supporting Neurodivergent Communicators in EY

Supporting Stammering in EY

Supporting Bilingual Children in EY

Before Words – Supporting Communication Foundations in EY

Observing Speech, Language and Communication in EY– a practice session!

Supporting Speech Sounds in Early Years

This session aims to give you practical and easy activity ideas to support young children's speech sound development. Looking at both our youngest children and those who's speech skills need a boost as they are entering preschool, the ideas will help all children to develop strong speech sounds.

16 th December 2026	2:30pm
8 th July 2027	10am

Supporting Selective Mutism in Early Years

This session aims to build your knowledge and confidence in the key strategies that support children with selective mutism and give you practical ways of implementing support in your early years setting. We will also give you the key messages to share with families and your team, so everyone is working together.

3 rd December 2026	1:30pm
22 nd June 2027	1:30pm

Supporting Neurodivergent Communication in the Early Years

This session aims to build knowledge and understanding of differences in communication development and provide information on how to support children whose communication development may not be following typical patterns. This overview will briefly explore autism, gestalt language processing and the neurodiversity affirming approach to supporting children. You will be provided with an audit tool to reflect on your provision.

8 th December 2026	1:30pm
29 th June 2027	1:30pm

Supporting Stammering in Early Years

This session will share practical and everyday strategies that can support all young children to communicate effectively, which includes the many children who may stammer when communicating. We focus on the key messages, how to implement them in an early years setting and what to share with families and your team. Our aim is to build your knowledge and confidence in supporting stammering in early years so children can express themselves effectively.

10 th December 2026	1:30pm
1 st July 2027	1:30pm

Supporting Bilingual Children in the Early Years

This session aims to increase your knowledge and understanding of practical ways to support bilingual (or multilingual) communicators. We explore how to embed strategies into everyday interactions and routines and think about how we can share key messages with families and our teams. We aim to build your confidence, so you feel more prepared to support bilingual children and in turn, bilingual children can flourish in your setting.

9 th December 2026	1:30pm
30 th July 2027	1:30pm

Before Words – Supporting Communication Foundations

This session aims to build confidence and knowledge of the many ways we can use augmentative and alternative communication (AAC) to support communication foundations when children are not yet using words. A range of AAC will be demonstrated. You will be given ideas on how to embed these tools into your everyday practice so that all children can benefit from early communication support.

1 st December 2026	1:30pm
16 th June 2026	1:30pm

Observing Speech, Language and Communication – a practice session!

This session aims to develop high-quality observation skills so to support accurate and timely identification of Speech, Language and Communication needs. The session will provide practitioners with the opportunity to reflect on the Speech, Language and Communication observation skills that were introduced in Tier 1 training and practice using them using video reflection. The 'time to talk' Communication Monitoring Document will be briefly revisited.

15 th December 2026	1:30pm
24 th June 2027	10am
